Sign	Meaning
O	Suitable
O	Suitable but need the pad of accessory
X	Unsuitable; Thickness or curved problem
X	Unsuitable; Stand (HAS) can't hold it
--	Under checking

Ensuring Your Monitor Compatibility with ScreenBar

Note: If you have further questions regarding the compatibility issue, please reach us via the Online Chat service on our official website.

Check compatibility with your BenQ monitor ›

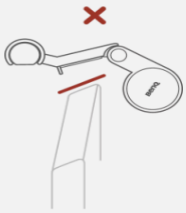

1cm-3cm
(0.4''-1.2'')

Flat monitors with a thickness of 1cm to 3cm (0.4" to 1.2")

1cm-3cm
(0.4''-1.2'')

Curved monitors with a thickness of 1cm to 3cm (0.4" to 1.2")

The top of the bezel is not horizontal

The design of the monitor back includes two bevels

The distance from the upper edge of a non-planar monitor back design to the top of the bezel is less than 6.5cm (2.6")

Ensuring Your Monitor Compatibility with ScreenBar Halo

*If you have a flat monitor with a thickness of less than 0.7cm or a curved monitor with a thickness of less than 1.6cm, please use the pad for ultra-slim monitors that comes with the light.
Note: If you have further questions regarding the compatibility issue, please reach us via the Online Chat service on our official website.

Check compatibility with your BenQ monitor ›

0.7cm-6cm
(0.3"-2.4")

Flat monitors with a thickness of 0.7cm* to 6cm (0.3" to 2.4")

1.6cm-3.8cm
(0.6"-1.5")

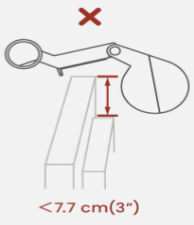

Curved monitors with a thickness of 1.6cm* to 3.8cm (0.6" to 1.5")

The top of the bezel is not horizontal

The design of the monitor back includes two bevels

The distance from the upper edge of a non-planar monitor back design to the top of the bezel is less than 7.7cm (3")
