

PODMIC

DYNAMIC PODCASTING MICROPHONE

The PodMic is a broadcast quality, dynamic microphone optimised for podcasting. It has a rich, balanced sound, with an internal pop filter to minimise plosives and internal shockmounting to reduce vibration.

The PodMic is optimised for use with the RØDECaster™ Pro integrated podcast production console, but will also offer exceptional results with any high-quality microphone interface.

- Broadcast quality dynamic capsule
- Optimised for speech applications
- Internal pop filter to minimise plosives
- Robust, all metal construction
- Optimised for use with RØDECaster Pro consoles
