MATERIAL SAFETY DATA SHEET

Section 1 – Chemical Product and Company Identification

Product name	PARTYPOPPER 40cm/80cm
Model	10020852-10020859, 10021763-10021775, 10022003-10022007, 10027074-10027077
Manufacturer	RELAXDAYS GMBH
Address	BERLINER STRASSE 191, HALLE, GERMANY
Post Code	06116
Tel	+49-345-56670912
Fax	+49-345-56670929
Email	info@relaxdays.de
Website	www.relaxdays.de
Information in case of emergency	
Contact	PURCHASE
Tel	+49-345-56670912
Fax	+49-345-56670929
Email	info@relaxdays.de

Section 2 – Hazards Identification

Emergency overview	This product is a manufactured article, not a substance or preparation. Under normal condition, this product is not considered to be hazardous. Contents under pressure. Container may burst if heated. The debris from burst may cause physical injury. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 60°C.
Potential Health Effects	
Eye	Does not causes eye irritation.
Skin	Does not causes skin irritation. The debris from burst may cause physical injury.
Ingestion	Does not cause gastrointestinal irritation.
Inhalation	Does not cause respiratory tract irritation.
Chronic	No information found.

Section 3 – Composition/Information on Ingredient

Composition	CAS No.	Weight
Tinplate container	Not assigned	50%
Compressed air	Not assigned	2%
Paper pipe	Not assigned	20%
Four color printing glossy paper	Not assigned	10%
Rubber plug	Not assigned	2%
Color paper	Not assigned	15%

Section 4 – First Aid Measures

Inhalation	Remove victim to fresh air and keep at rest in a position
-------------------	---

	comfortable for breathing. Get medical advice/attention if you feel unwell.
Skin contact	Gently wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.
Eye contact	Rinse cautiously with flowing water or saline for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Ingestion	Get medical advice/attention if you feel unwell. Rinse mouth.

Section 5 – Fire Fighting Measures

Specific hazards	This product is non-combustible. Contents under pressure. Container may burst if heated.
Auto-Ignition Temperature	N.A.
Flash point	N.A.
Explosive Limits:	N.A.
Hazardous decomposition materials (under fire condition)	Carbon Monoxide, Carbon dioxide, iron oxide
Suitable extinguishing media	Foam, water spray, dry chemical powder, carbon dioxide,
Specific methods	Fire-extinguishing work is done from the windward and the suitable fire-extinguishing method according to the surrounding situation is used. Uninvolved persons should evacuate to a safe place. In case of fire in the surroundings: Remove movable containers if safe to do so.
Special protective equipment for firefighters	Proper protective equipment including breathing apparatus must be worn when approaching a fire in a confined space.

Section 6 – Accidental Release Measures

Avoid contact with spilled or released material. For guidance on selection of personal protective equipment see Chapter 8 of this Material Safety Data Sheet. See Chapter 13 for information on disposal. Observe the relevant local and international regulations.

Personal precautions, protective equipment and emergency procedures:	There is no actual hazardous of this product. The release is not applicable.
Environmental precautions	Not applicable
Methods and materials for containment and cleaning up	Gather them
Additional Advice	Fire-extinguishing devices should be prepared in case of a fire.

Section 7 – Handling and Storage

Handling	Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Pressurized container: Do not pierce or burn, even after use.
Storage	Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 60 °C. Do not handle or store near an open flame, heat or other sources of ignition. Exposure to high temperature may cause can to burst. Store in a well-ventilated place. Store away from incompatible

materials (see Section 10 of the MSDS).

Section 8 – Exposure Controls, Personal Protection

Engineering controls	No special requirements.
Exposure limits	No data available
Personal protective equipment	
Respiratory protection	Respirator for protection against particles
Hand protection	Protective gloves
Eye / Face protection	Safety glasses.
Skin and body protection:	Appropriate protective clothing, gloves and shoes.

Section 9 – Physical and Chemical Properties

Physical appearance(20°C)	Solid
Odor	No data available
Odor threshold	No data available
pH	No data available
Boiling point/range	No data available
Melting point/range	No data available
Flash Point	No data available
Explosion Limits	
Lower	No data available
Upper	No data available
Ignition Temperature	No data available
Vapour Pressure	No data available
Vapour Density	No data available
Density	No data available
Solubility	Insoluble in water.

Section 10 – Stability and Reactivity

Stability	This material is stable under normal conditions.
Reactivity	No special reactivity has been reported.
Conditions to avoid	Excess heat, ignition sources, incompatible materials.
Incompatible materials	Strong oxidizing agents, strong acids, strong alkalis
Hazardous decomposition products	Carbon Monoxide, Carbon dioxide, iron oxide

Section 11 – Toxicological Information

Acute Toxicity	No data available
Skin corrosion/irritation	Not expected to be irritating.
Serious eye damage/irritation	Not expected to be irritating.
Respiratory Irritation	Not expected to be irritating.
Respiratory or Skin Sensitisation	Not expected to be a skin sensitiser.
Aspiration Hazard	No data available
Germ cell mutagenicity:	No data available
Carcinogenicity	No data available
IARC =	No data available

NTP =
Reproductive toxicity

No data available
No data available

Section 12 – Ecological Information

Ecotoxicity	No data available
Persistence/ degradability	No data available
Bioaccumulative potential (BCF)	No data available
Mobility in soil	No data available

Section 13 – Disposal Considerations

Material Disposal	Recover or recycle if possible. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste classification and disposal methods in compliance with applicable regulations. Do not dispose into the environment, in drains or in water courses.
Container Disposal	Dispose in accordance with prevailing regulations, preferably to a recognised collector or contractor. The competence of the collector or contractor should be established beforehand.
Local Legislation	Disposal should be in accordance with applicable regional, national, and local laws and regulations.

Section 14 – Transport Information

Land (as per ADR classification)

This substance is not classified as dangerous under ADR regulations.

IMDG

This substance is not classified as dangerous under IMDG regulations.

IATA (Country variations may apply)

This substance is not classified as dangerous under IATA regulations.

DOT (US)

This substance is not classified as dangerous under DOT regulations.

Section 15 – Regulatory Information

This substance is not regulated as a dangerous substance. For details regulations you should contact the appropriate agency in your country.

European/International Regulations

European Labeling in Accordance with EC Directives

Hazard Symbols:	Not applicable
Risk Phrases	Not applicable
Safety Phrases	Not applicable

Section 16 – Additional Information

MSDS Creation Date: August 16th, 2017

This MSDS was prepared sincerely on the basis of the information we could obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. Products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
